Re: Substances of Concern (SOC) ICH Q3C Residual Solvents and Avient product(s):

Avient Code	Description
EM1002025460	RT3830-549 Natural

Dear Sir or Madam:

This correspondence is in response to your request for information regarding the potential use of solvents within the Avient Corporation product identified above. Specifically, of concern are the intentional use of those solvents listed in *ICH Q3C Table and List Guidance for Industry*, an addendum to *Q3C Impurities: Residual Solvents*. We have completed an evaluation of the product ingredient formulation and the materials handling and processing procedures used to produce it. Based on the information provided to us by our suppliers and to the best of our knowledge, the formula for this product does not intentionally include Class 1, 2 or 3 solvents (at or above listed thresholds) as listed in *ICH Q3C Table and List Guidance for Industry*. Please note that the product has not been subjected to testing in order to definitively identify the presence of residual solvents. We certify that we do not intentionally add or use these solvents in the manufacturing or handling of the above product.

The information submitted is valid as of the date of this letter for products manufactured in North America. Avient makes no representations or warranties as to the accuracy of the information contained or referenced herein as of any other date. If you have any questions concerning this matter or if we can be of further assistance, please do not hesitate to contact us. Please contact your Avient Sales Representative should you need additional product support.

This document has been prepared by the Avient Product Stewardship group. It has been transmitted electronically and is valid without a signature.

Sincerely,

Avient Global Product Stewardship
